LIGHTING CABLES

More than 150 colours, patterns, textures and surface effects for different uses, tastes or design. Choose among the offered styles (round, twisted, nautical, large section or flat) to select what best suits your lighting project: they are incredibly flexible, because we use high quality PVC to avoid bulges or wrinkles. All of our lighting cables are IM-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

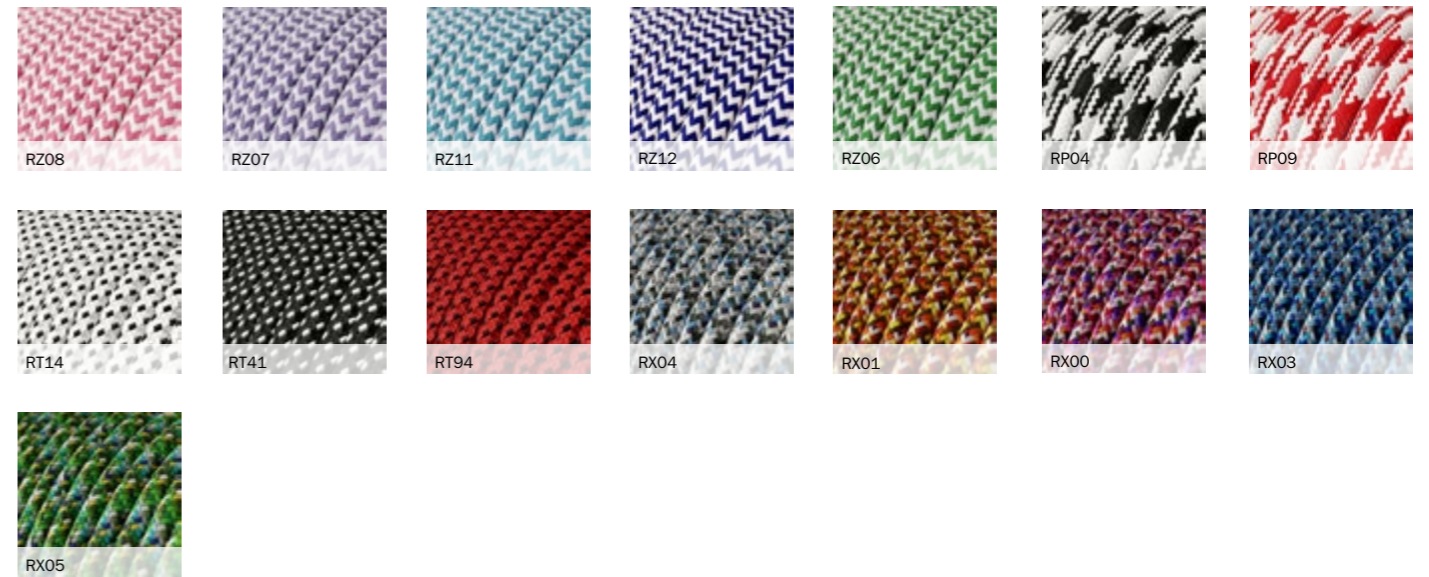

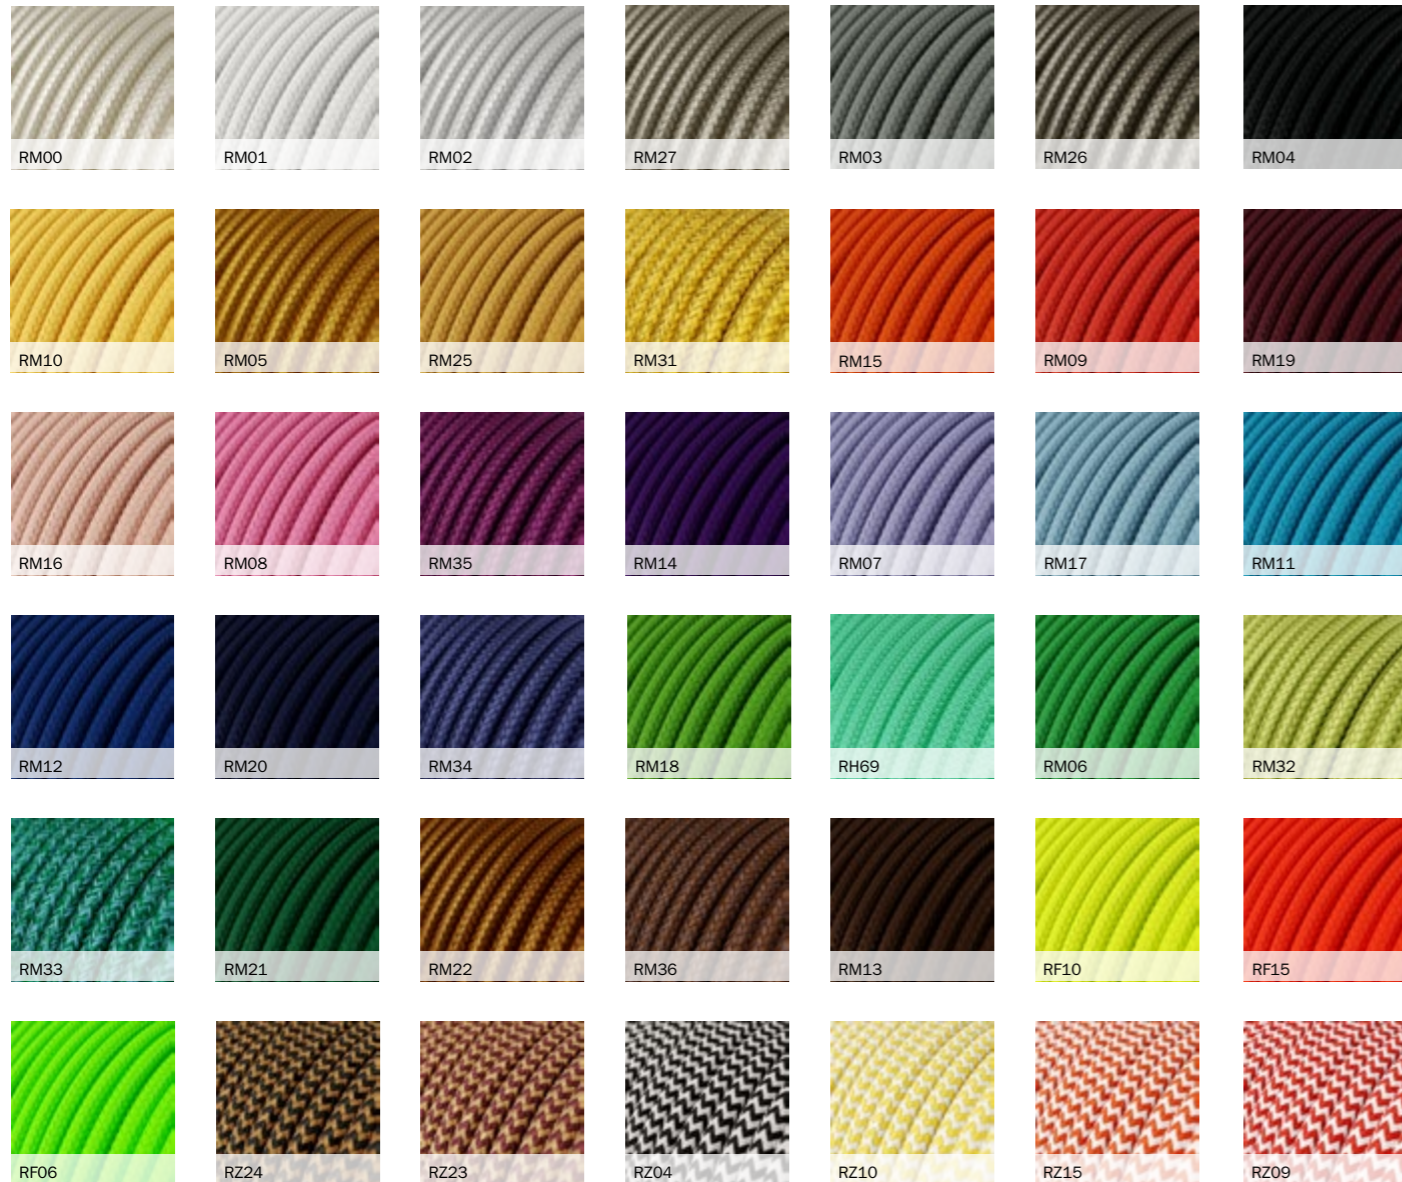

Round rayon cables

Rayon cables have a bright solid finish, which is elegant yet informal. Shiny as silk, they can bring colour wherever needed.

Specifications:

H03VV 300/300V 2x0,75 o 3x0,75
 Flex Round Cable DOUBLE INSULATION under textile braid
 CEI 20-20 CEI 20-35 RoHS
 Diameter: 6,2 mm 2x0,75 or 6,6 mm 3x0,75
 This product complies with all Italian and European safety regulations

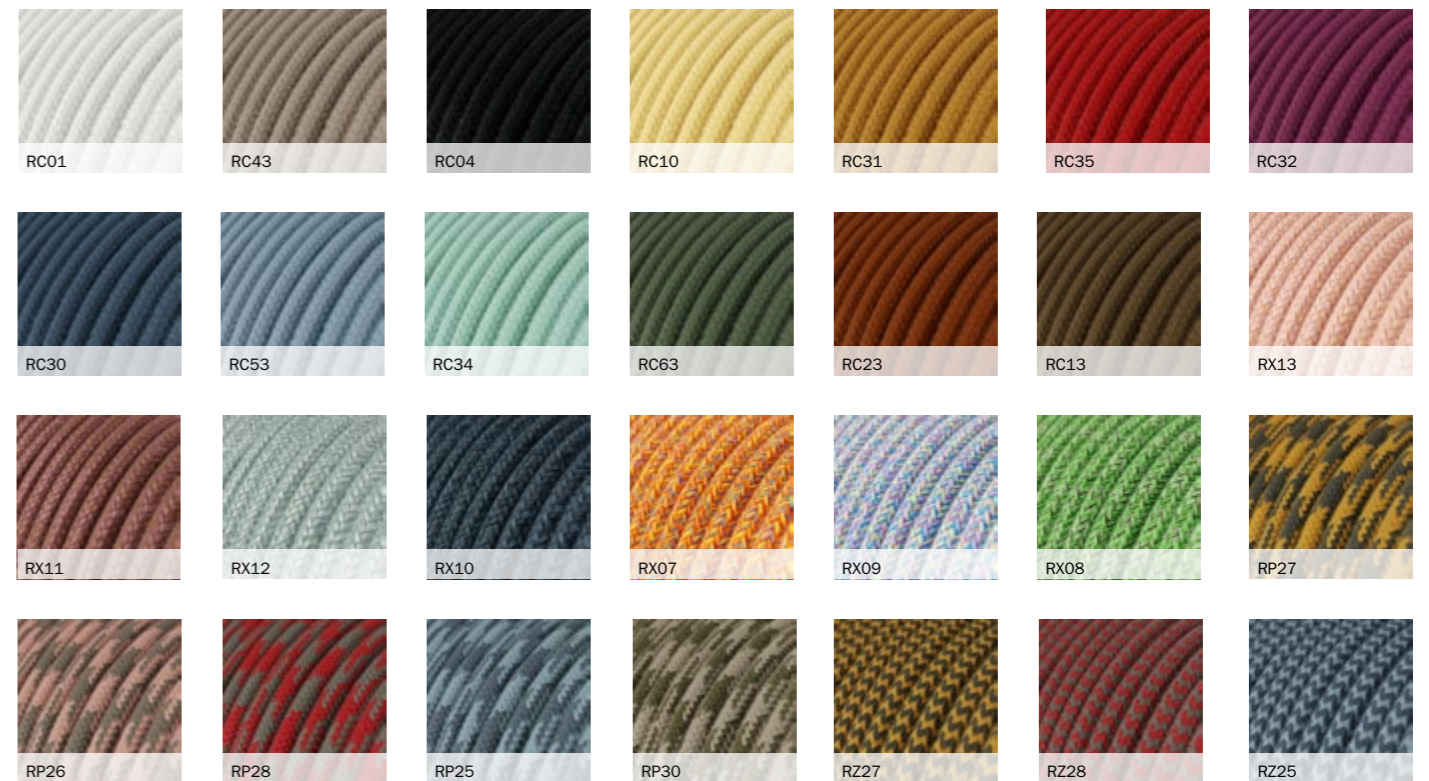

Round cotton cables

Cotton cables have pastel colours and warm tones. Cotton has a natural look and matches cozy and minimal environments. Ideal for those who prefer a "raw" feeling.

Specifications:

H03VV 300/300V 2x0,75 o 3x0,75
 Flex Round Cable DOUBLE INSULATION under fabric braid
 CEI 20-20 CEI 20-35 RoHS
 Diameter: 6,2mm 2x0,75 or 6,6mm 3x0,75
 This product is in compliance with all Italian and European safety regulations

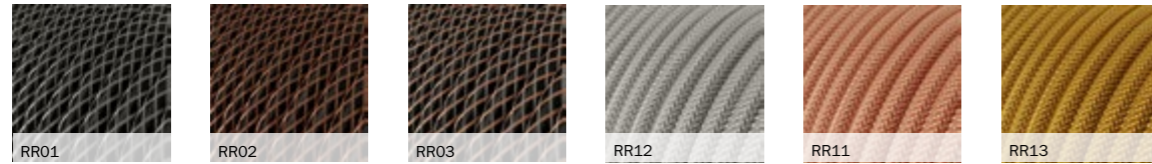

Round metal cables

A copper layer partially covers a black electrical flex, for an incredibly shiny effect. We love it for that special industrial yet very chic touch.

Specifications:

H03VV 300/300V 3x0,75
Flex Round Cable DOUBLE INSULATION under metal braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,6 mm 3x0,75
This product is in compliance with all Italian and European safety regulations

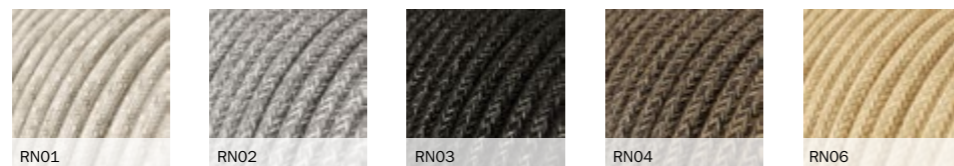

Round natural cables

Linen and jute bring warmth and coziness to any room: they perfectly match furniture in natural materials such as wood and earth colours. You will love their unmistakable "coarse" and rustic touch.

Specifications:

H03VV 300/300V 2x0,75 o 3x0,75
Certificazione IMQ-HAR
Flex Round Cable DOUBLE INSULATION under fabric braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2 mm 2x0,75 or 6,6 mm 3x0,75
This product is in compliance with all Italian and European safety regulations

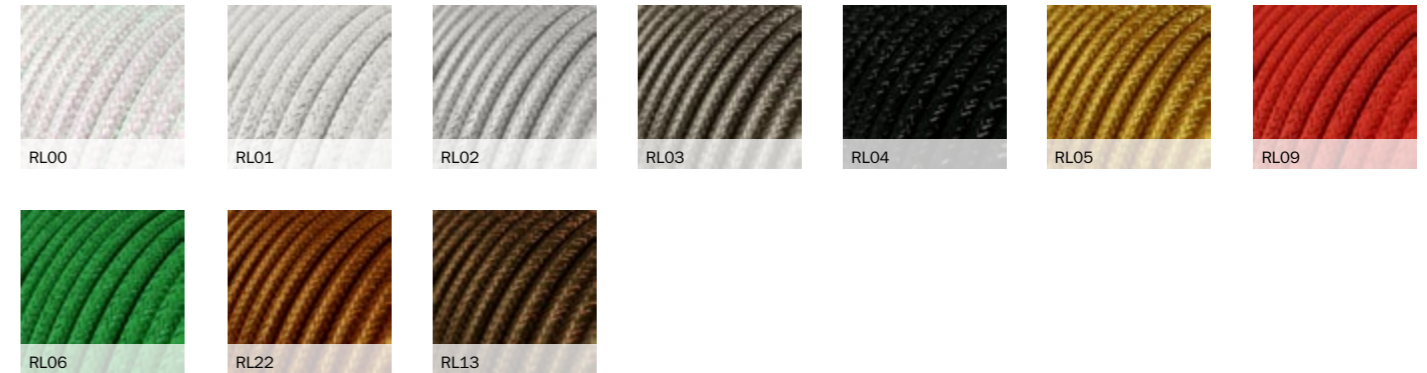

Round glitter cables

Take plain cotton fabric, add some shimmering thread and you'll get a glamorous cable for your lamp.

Specifications:

H03VV 300/300V 2x0,75 o 3x0,75
Flex Round Cable DOUBLE INSULATION under fabric braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2mm 2x0,75 or 6,6mm 3x0,75
This product is in compliance with all Italian and European safety regulations

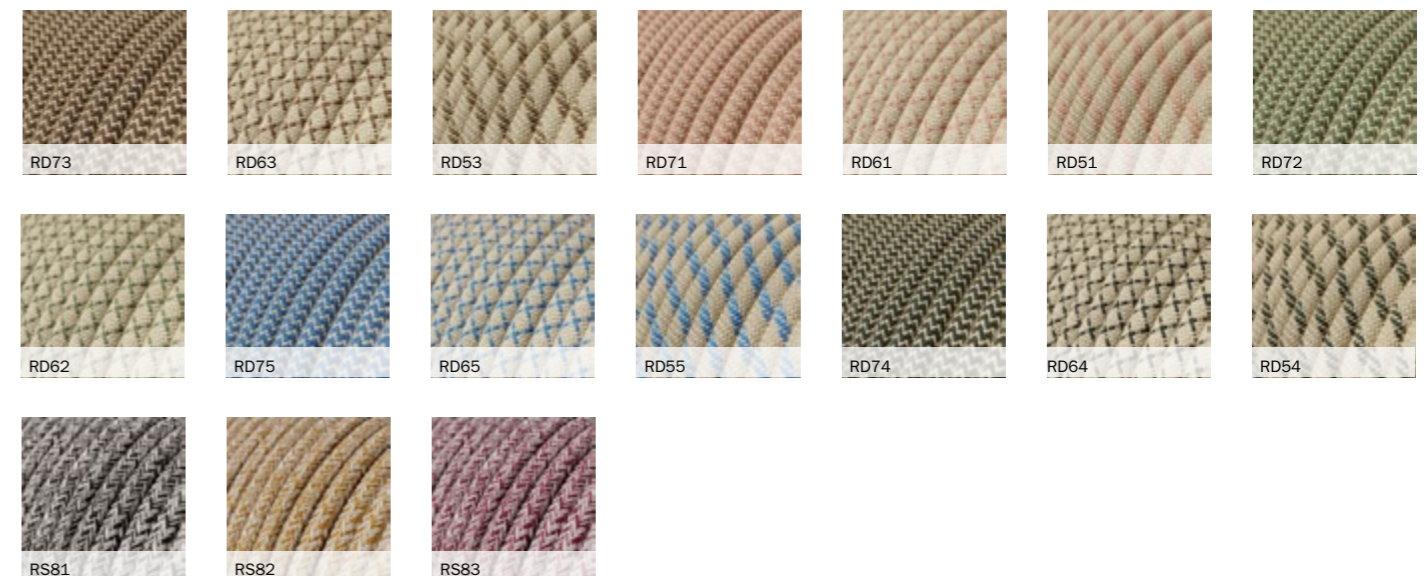

Round mixed cables

Not only colours can be mixed, but fabrics too! In this small selections, linen, cotton, glitters are put together to create some totally new patterns.

Specifications:

H03VV 300/300V 2x0,75 o 3x0,75
Flex Round Cable DOUBLE INSULATION under fabric braid
CEI 20-20 CEI 20-35 RoHS
Diameter: 6,2 mm 2x0,75 or 6,6 mm 3x0,75
This product is in compliance with all Italian and European safety regulations

Twisted rayon cables

Ideal for lighting projects with a modern and elegant look, our rayon cables offer a bright and shiny finish. Rayon cables have a bright solid finish, which is elegant yet informal.

Specifications:

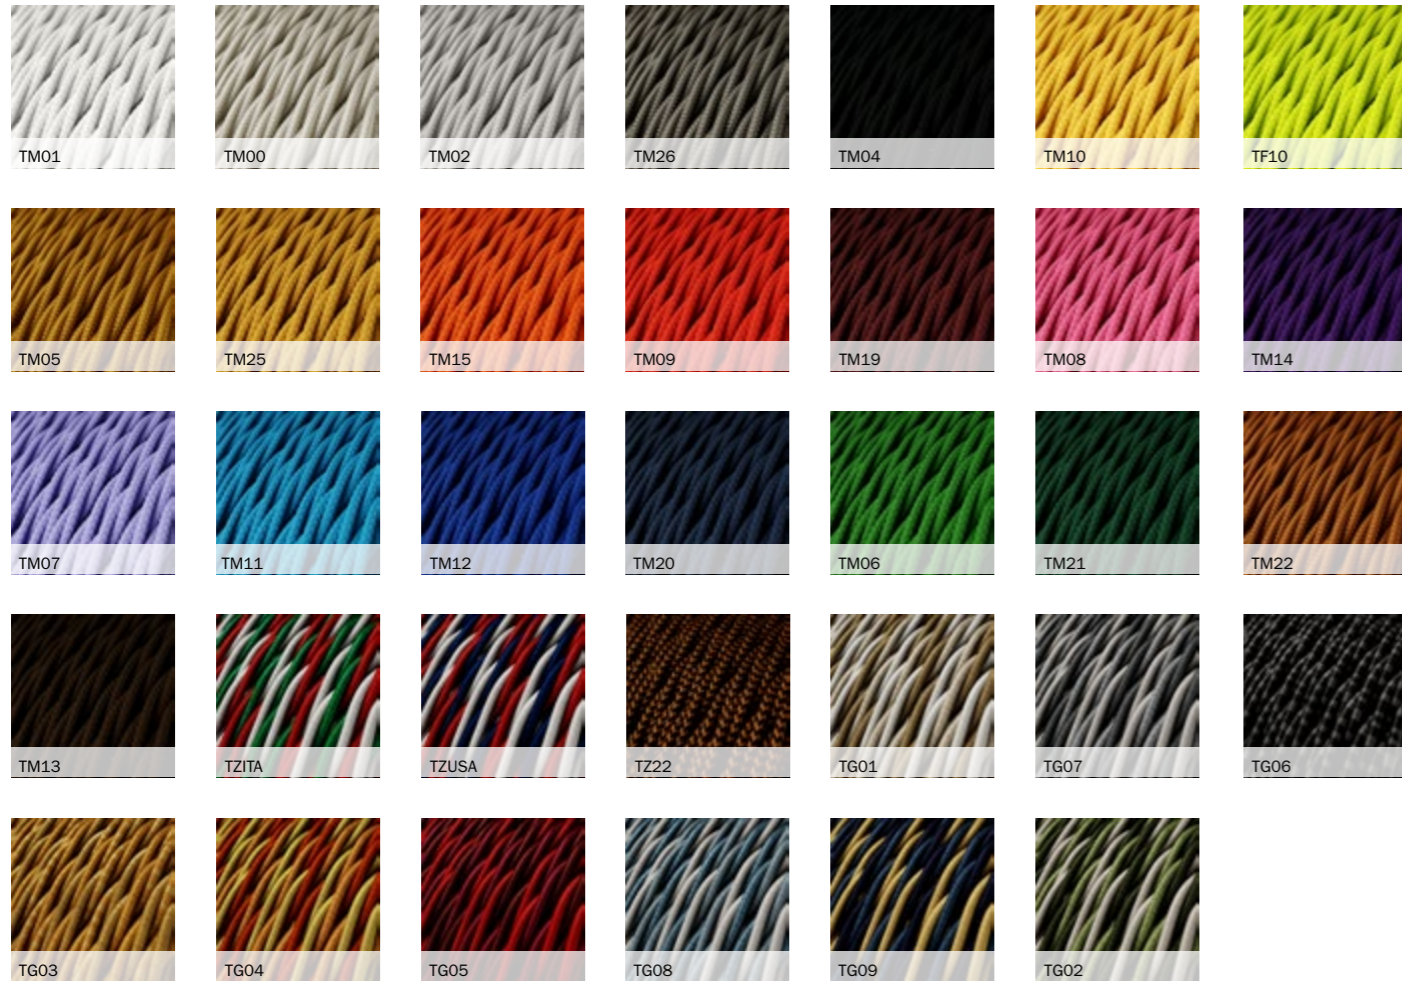

FRRTX 300/300V 2x0,75 o 3x0,75

Flex Twisted Visible Spiral Cable DOUBLE INSULATION (additional transparent sheath), braided woven cloth textile sleeve

CEI 20-20 CEI 20-35 RoHS

Diameter: 6,2 mm 2x0,75 o 6,6mm 3x0,75

This product is in compliance with all Italian and European safety regulations

Twisted cotton cables

Thanks to their special twisted texture, they look like braids: but believe us, they are real electric cables! Cotton has a natural look and matches cozy and minimal environments. Ideal for those who prefer a "raw" feeling.

Specifications:

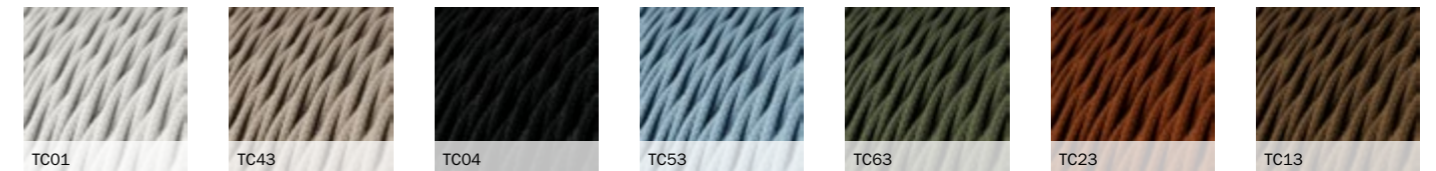

FRRTX 300/300V 2x0,75 o 3x0,75

Flex Visible Spiral Cable DOUBLE INSULATION (additional transparent sheath), braided woven cloth textile sleeve

CEI 20-20 CEI 20-35 RoHS

Diameter: 6,2 mm 2x0,75 or 6,6mm 3x0,75

This product is in compliance with all Italian and European safety regulations

Twisted natural cables

Thanks to their special twisted texture, they look like braids: but believe us, they are real electric cables! Linen and jute bring warmth and coziness to any room: they perfectly match furniture in natural materials such as wood and earth colours.

Specifications:

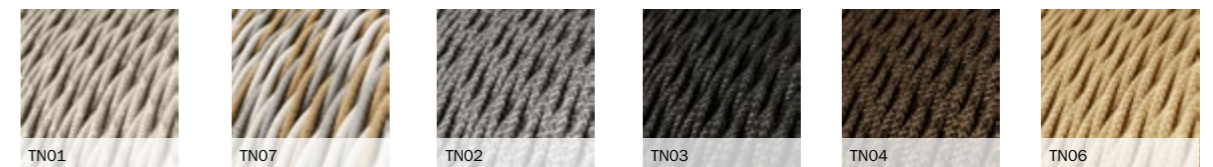

FRRTX 300/300V 2x0,75 o 3x0,75

Flex Twisted Visible Spiral Cable DOUBLE INSULATION (additional transparent sheath), braided woven cloth textile covering

CEI 20-20 CEI 20-35 RoHS

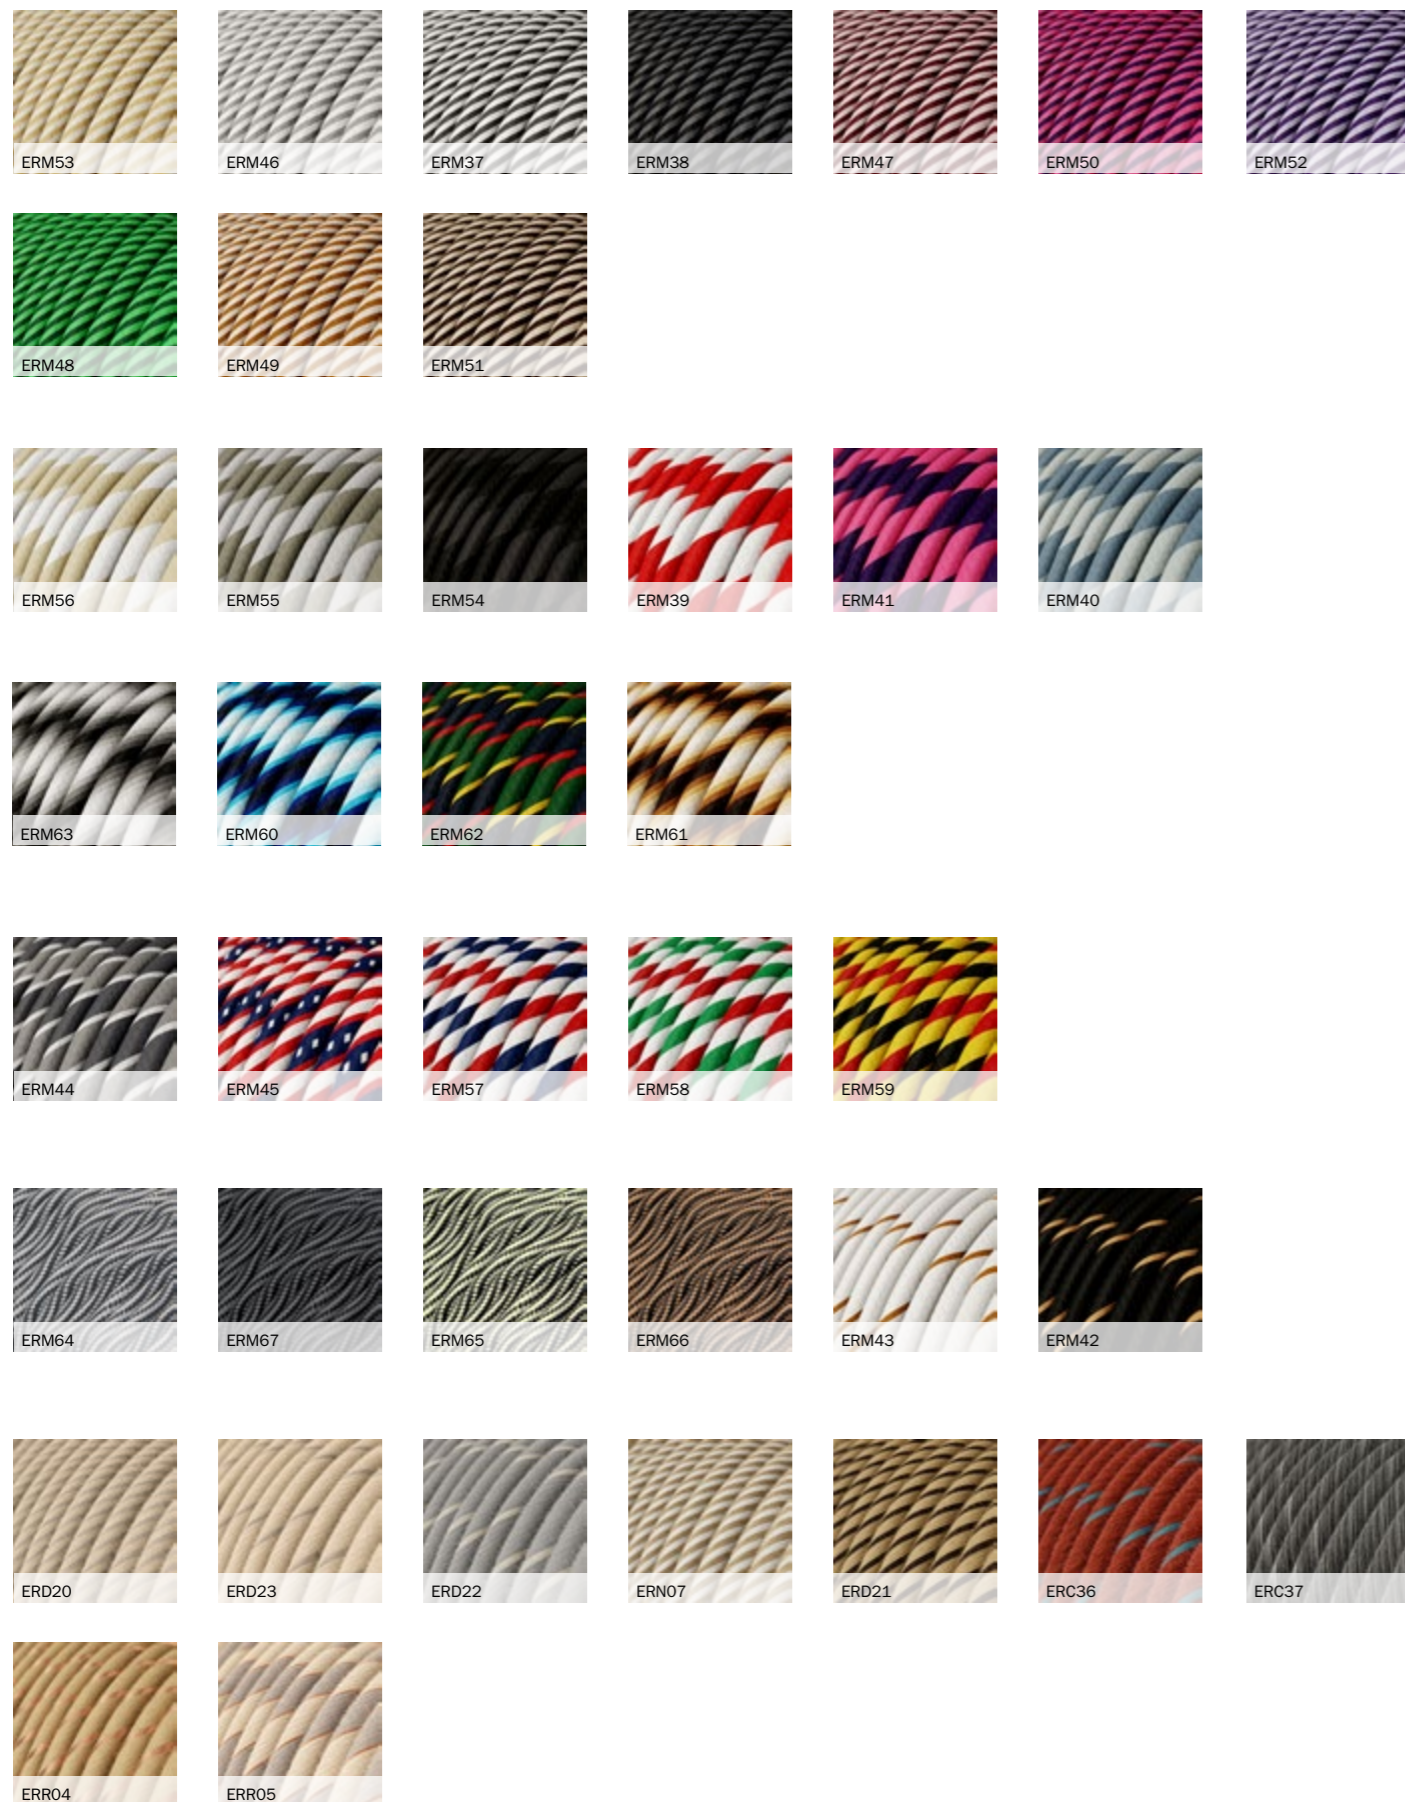

Diameter: 6,2 mm 2x0,75 or 6,6 mm 3x0,75

This product is in compliance with all Italian and European safety regulations

Vertigo cables

These cables are braided with a peculiar pattern that cannot be found in other cables of our assortment. The effect is obtained by mixing coloured and transparent threads hereby resulting in some astonishing effects! Some of these cables are made out of natural fibres such as cotton, jute or linen; others are called "HD" because of their vivid and highly defined colours.

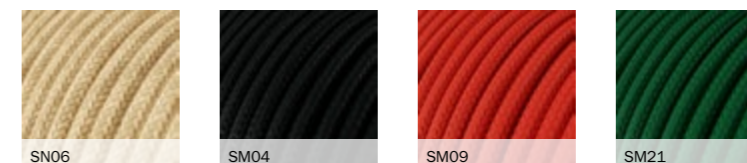

OUTDOOR CABLES

Finally, you can use Creative-Cables even in your outside spaces: thanks to a double covering these outdoor cables are fire and oil resistant and can withstand temperatures from -25K to +60K. All of our outdoor cables are IM-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

Outdoor round electric cables

Specifications:

Diameter 6,6mm 3x0.75 fabric covered, H05RN-F rubber cable
 Legal reference EN 50525-2-21
 European Low Voltage Directive N. 2014/35/UE
 IMQ-HAR certified N. CA01.00683
 Flexible class 5 conductor in electrolytic red copper, in compliance with IEC 60228
 Isolation Elastomeric rubber EI 4 in compliance with EN 50363-1
 Insulation colour in accordance with HD 402 and EN 50525-1 requirements
 External elastomeric rubber sheath in accordance with EN 50363-2-1.
 Sheath coloured black
 This product is in compliance with all Italian and European safety regulations

LAN CABLES

Make your computer a design piece and add a colourful edge to your home or work office with the coloured LAN cables from Creative-Cables. All of our LAN cables are IM-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

LAN cables

Specifications:

Cat 5e UTP Patch LAN Cable
 Data transfer speed: Gigabit-LAN at 10/100/1000 Mbit

LARGE SECTION CABLES

Our large section (3x1,50 mm²) cables will help you when you require some extra power: multi sockets, power leads, wall installations, extension cables. Choose among the offered styles (round, twisted) for what best serves your purpose: they are incredibly flexible, because we use high quality PVC to avoid bulges or wrinkles. All of our large section cables are IM-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

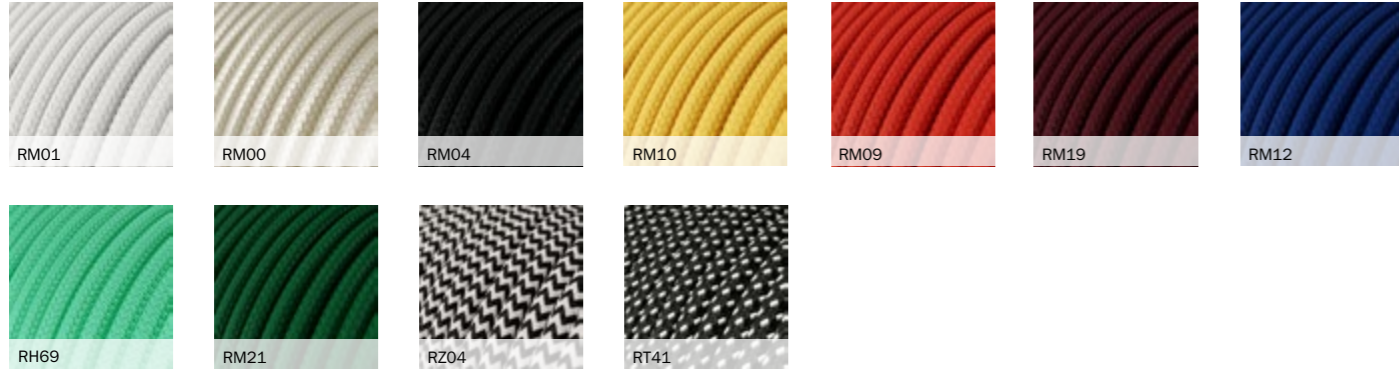

Wide round natural cables

Rayon cables have a bright solid finish, which is elegant yet informal. Shiny as silk, they can bring colour wherever needed.

Specifications:

H05VV-F 300/500V 3x1,50
DOUBLE INSULATION Round Flexible Cable covered by rayon under textile braid
CEI 20-20 CEI 20-35 RoHS
IMQ-HAR Certificated
Diameter: 8,5 mm
This product is in compliance with all Italian and European safety regulations

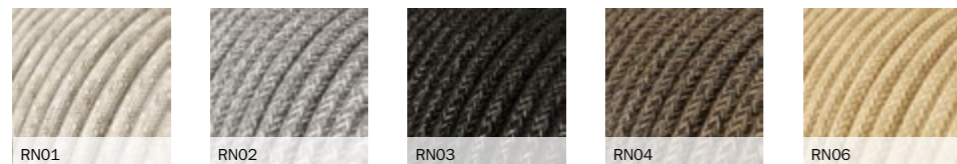

Wide round natural fabric cables

Cotton cables have pastel colours and warm tones. Cotton has a natural look and matches cozy and minimal environments. Ideal for those who prefer a "raw" feeling.

Specifications:

H05VV-F 300/500V 3x1,50
DOUBLE INSULATION Round Flexible Cable covered by cotton under textile braid
CEI 20-20 CEI 20-35 RoHS
IMQ-HAR Certificated
Diameter: 8,5 mm
This product is in compliance with all Italian and European safety regulations

Wide twisted rayon cables

Thanks to their special twisted texture, they look like braids: but believe us, they are real electric cables! Rayon cables have a bright solid finish, which is elegant yet informal.

Specifications:

FRRTX 300/300V 300/500V 3x1,50
DOUBLE INSULATION (additional transparent sheath), Twisted Flexible Cable covered by rayon under textile braid
CEI 20-20 CEI 20-35 RoHS
IMQ-HAR Certificated
Diameter: 9 mm
This product is in compliance with all Italian and European safety regulations

Wide twisted natural cables

Thanks to their special twisted texture, they look like braids: but believe us, they are real electric cables! Linen and Jute have a natural feeling which will bring warmth and coziness to any room.

Specifications:

FRRTX 300/300V 300/500V 3x1,50

CEI 20-20 CEI 20-35 RoHS
IMQ-HAR Certificated
Diameter: 9 mm
This product is in compliance with all Italian and European safety regulations

ROPE CABLES

Covered with soft flock and raw jute in order to increase their diameters, cables can become a nautical rope with various thicknesses, colours and finishes. Inspired by the maritime style, they can create a totally unexpected suspension lamp. All of our rope cables are IM-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy.

Rope cables

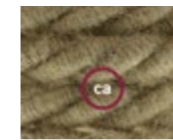

The electrical cable becomes an electrical cord. The double covered electrical cables are covered with soft flocked and raw jute in order to reach a 16 mm diameter. You can use XL electrical cord covered in raw jute to match our new natural wood roses and lamp holders in order to create suspension lamps of great effect. 100% Made in Italy. The cable is sold by the meter, multiple orders will be delivered in one piece up to a maximum of 20 meters in length.

Specifications:

FRRTX 300/300V 3x0,75
Visible Spiral Flexible Cable which is double insulated, under the fabric braid
CEI 20-20 CEI 20-35 RoHS

Creative-Tubes is not just a fabric covered conduit: two iron filaments run through its body, allowing Creative-Tube to maintain a desired shape when bent in place. Creative-Tubes do not need elbow or sheath fittings because it is possible to bend it by hand and adjust its "route" when needed. Check also the designated accessories, from threaded terminals to tube clips to shape up your lighting installation. All of our Creative-Tubes are IMQ-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy. The internal material of the Creative Tube complies with CEI-EN 61386-1 + EN 61386-22 Classification 3321.

Creative-Tube 16 mm

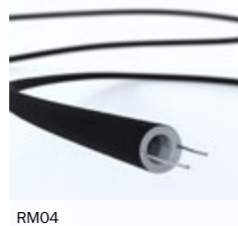

Thanks to its small diameter, the 16 mm Creative-Tube can help you in creating a discrete yet visible lighting installation on your wall.

Specifications:

The internal material of the Creative Tube complies with CEI-EN 61386-1 + EN 61386-22 Classification No: 3321
 Crushing Resistance: >750N on 5 cm at 20KC
 Shock Resistance: (-15KC) after applying 2 kg mass hammer
 Operating Temperature: -5KC to +60KC
 Resistance to flame propagation: self-extinguishing VO
 Dielectric strength: <2000V A 50Hz
 Insulation resistance: >100 mega ohm
 Diameter: 16 mm

COMPONENTS - CEILING ROSES

A ceiling rose is an essential accessory for any design lamp. We offer a wide range of shapes, sizes and materials that will easily match any home style.

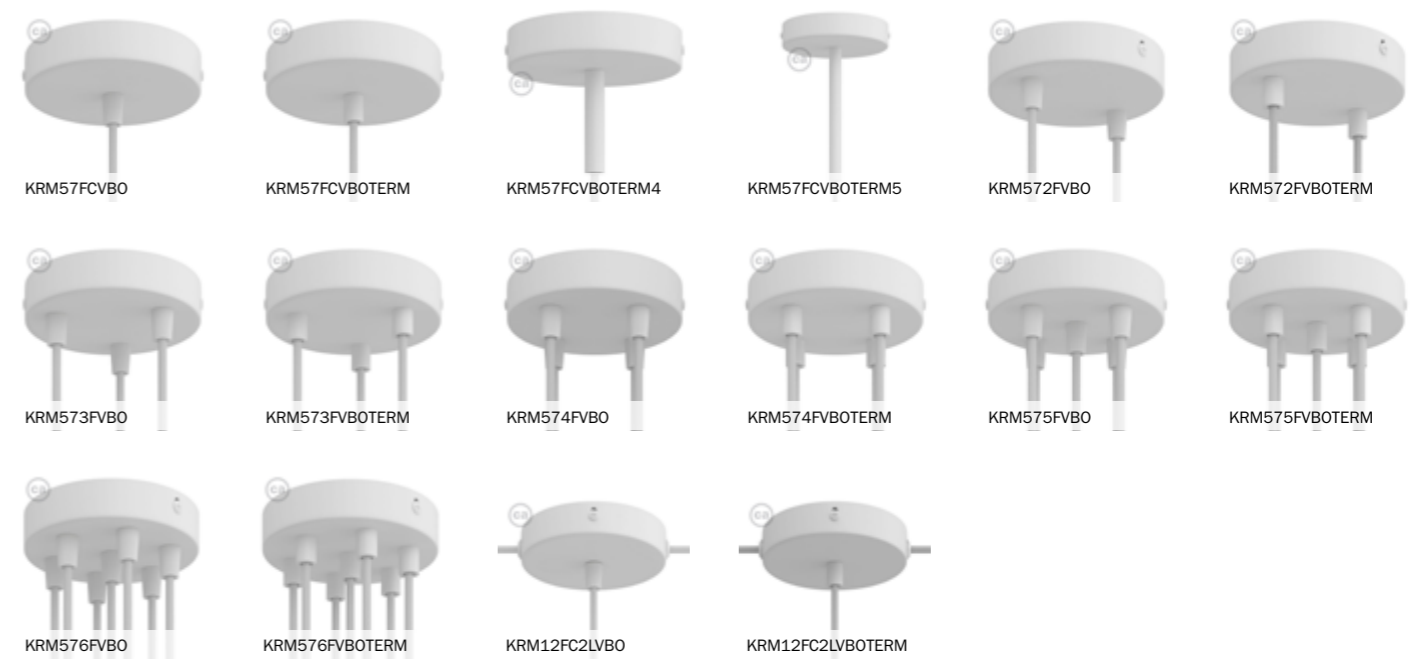

Metal ceiling roses

Among our best selling products, metal ceiling roses are available in 6 finishes. We created also the 2-3-4-5-7 hole versions to create multiple pendants: the side-holes roses can help design a totally customized wall or ceiling light fitting array. Cable clamps can be made from plastic or metal and have different lengths, for an even more personalised solutions.

Metal ceiling rose with side holes

These 4-side-holes rosettes allow you to create pendant lamps but are also beautiful wall or ceiling junction boxes that can be coordinated with our cables and lampholders.

Metal painted ceiling rose

These colourful and cup shaped Made in Italy ceiling roses will give that pop twist to your ceiling light.

Wood ceiling roses

Specifically designed for our rope cables and offered in three basic colours, they are extremely versatile: natural wood can be painted or polished as desired. Each ceiling rose has a matching wooden lamp holder.

Silicone ceiling roses

Silicone ceiling roses are resistant, colourful and easy to install: you won't need to drill into your ceiling. Last but not least, they have a very attractive price! Each ceiling rose has a matching silicone lamp holder.

Fabric shades

A small selection from our friends at Creative-Lampshades, these Made in Italy fabric lamp shades will suit our pendant lamps, Fermaluce and Posaluce.

Fibre lampshades

Spherical and semi-spherical lampshades in 2 diameters (25 cm and 36 cm) and 12 colours, compatible with any E27 lamp holder for lampshade. To create a single or multiple suspension lamp, just follow the instructions and choose the accessory that best suits you among the pendants, Spiders or Snakes.

COMPONENTS - ACCESSORIES

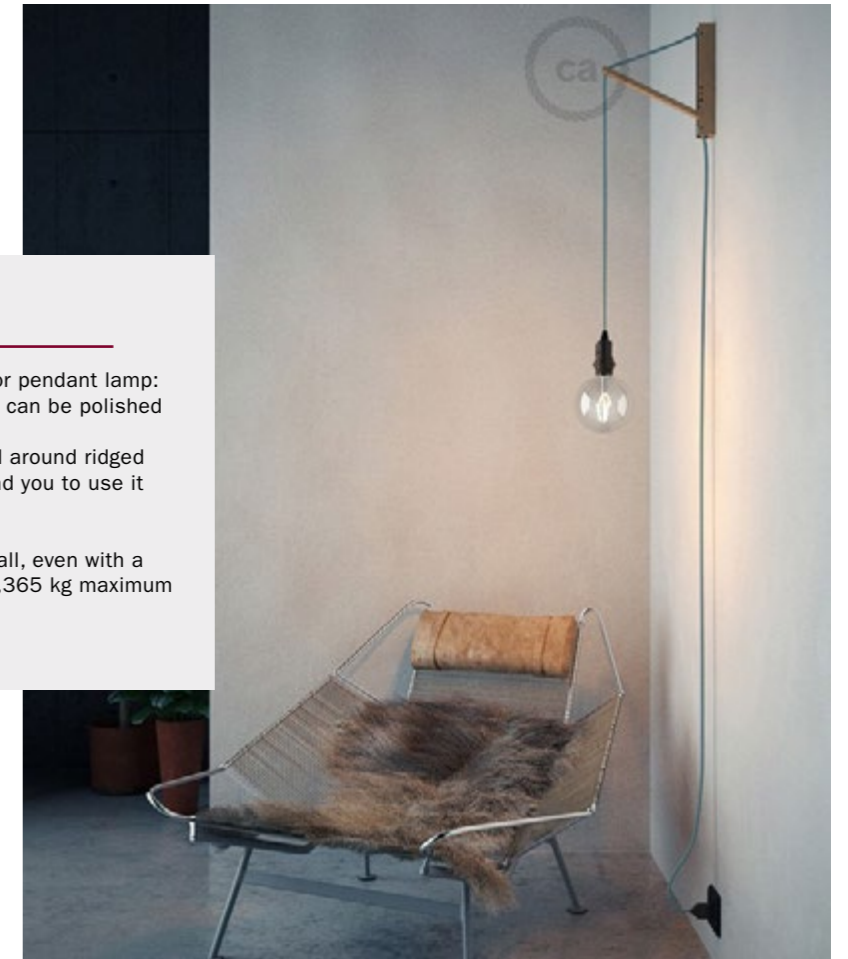

Small things can make a difference: among our accessories you will find all the special components which can make your lamp 100% unique.

Pinocchio

Pinocchio is Creative Cables adjustable wall mount for pendant lamp: it is made in Italy out of 100% beachtree wood and it can be polished or painted as desired.

The cable doesn't go through any holes, it is wrapped around ridged wooden supports at each end: we strongly recommend you to use it with Snake, Snake for lampshades and SnakeBis.

Pinocchio makes it possible to hang a lamp onto a wall, even with a lampshade with a 50 cm maximum diameter and a 3,365 kg maximum weight.

Pinocchio can also be adjusted at three different heights.

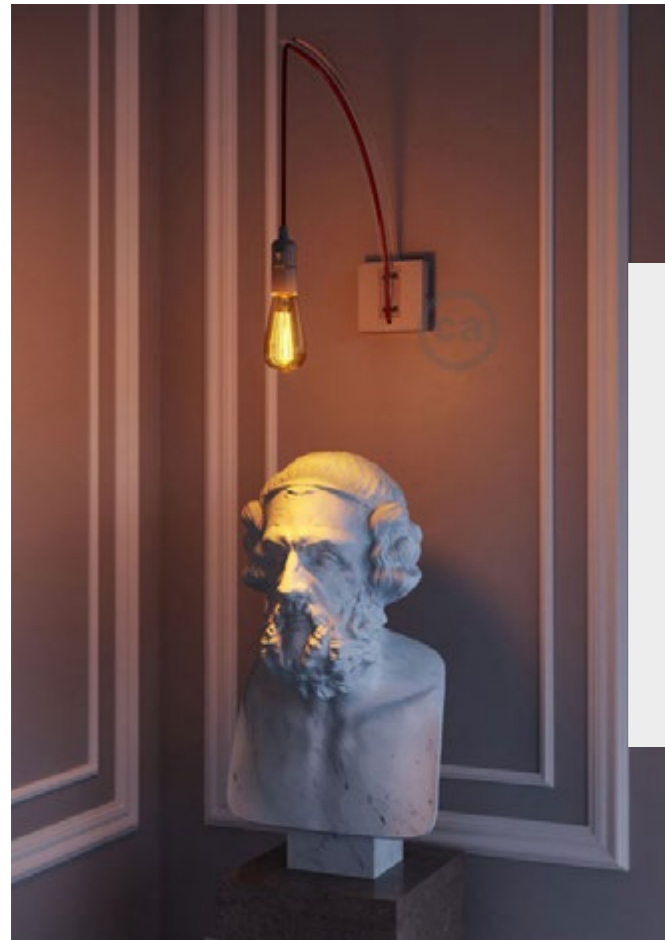

Archet(To)

Archet(To) is Creative-Cables patented and Made in Italy solution to create a suspended lamp that can be hung onto a wall, even with a lampshade with a 70 cm maximum diameter and a 3,365 kg maximum weight: Archet(To) bends according to the weight it is bearing. it has a light structure in transparent polycarbonate and can be used with Snake, Snake for lampshades and SnakeBis.

ARCHETTO

To mount Archet(To) on a wall lightpoint, you may want to use the designated bases in natural and made-in-Italy wood. The bases can be polished or painted as desired.

KRLQARC

KRLTARC

Cable Clamps

Cable Clamps are not just a safety feature: they can actually be beautiful and decorative! The metal cable clamps are available in standard size (1,7 cm) and XL size (7 cm and 15 cm).

Tattoo Lamps®

The LED lamps of the Tattoo Lamp® line undergo a special treatment that makes them frosted and therefore possible to be decorated.

Custom Design LED Tattoo Lamp® can be personalized with a logo, a claim or a graphic element being part of your corporate identity: it will be an original distinctive element for your business, your point of sale or even a subtle feature for the architectural project you are creating. Write to us for further information!

Lamps for plants

These LED lamps help us to maintain healthy flowers and green plants in apartments or greenhouses.

READY TO USE

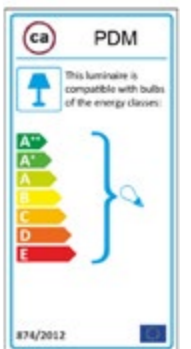

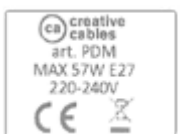

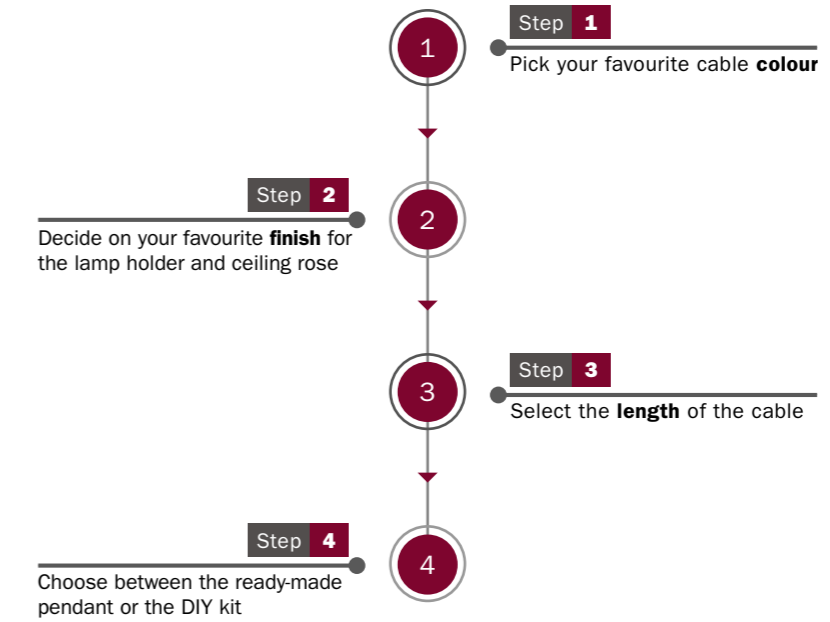

READY TO USE - SINGLE PENDANT SETS

Put together a cable, a rosette and a lamp holder and you'll have yourself a single pendant set. More than 10.000 possible combinations!

Metal pendant set

A simple and essential suspended light solution that can be personally configured by following some simple steps. Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

READY TO USE - POWER STRIPS AND EXTENSION CABLES

Power strips and extension cables are an office and workspace essential that can now have your personal touch thanks to a colourful cable.

Power strips

If you need to plug-in multiple devices but only have one socket, do not go for those plain and anonymous power strips: choose a colourful one!
Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

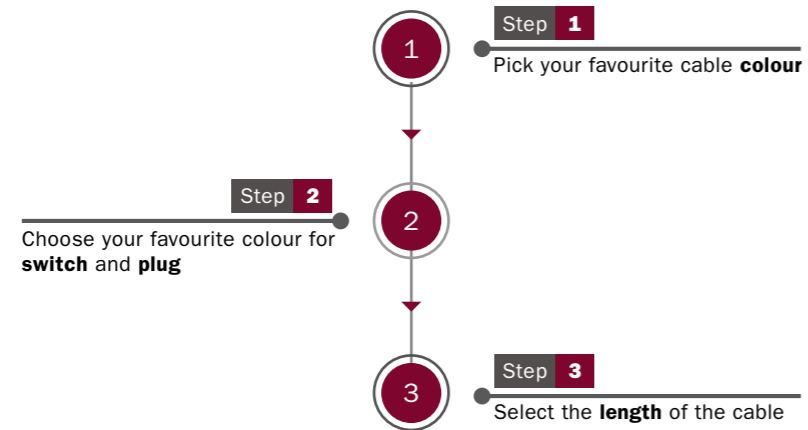

Personalise your power strips cables

Extension cables

Make your cable longer, longer and even longer with Creative-Cables colourful extension cable.
Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

Personalise your extension cables

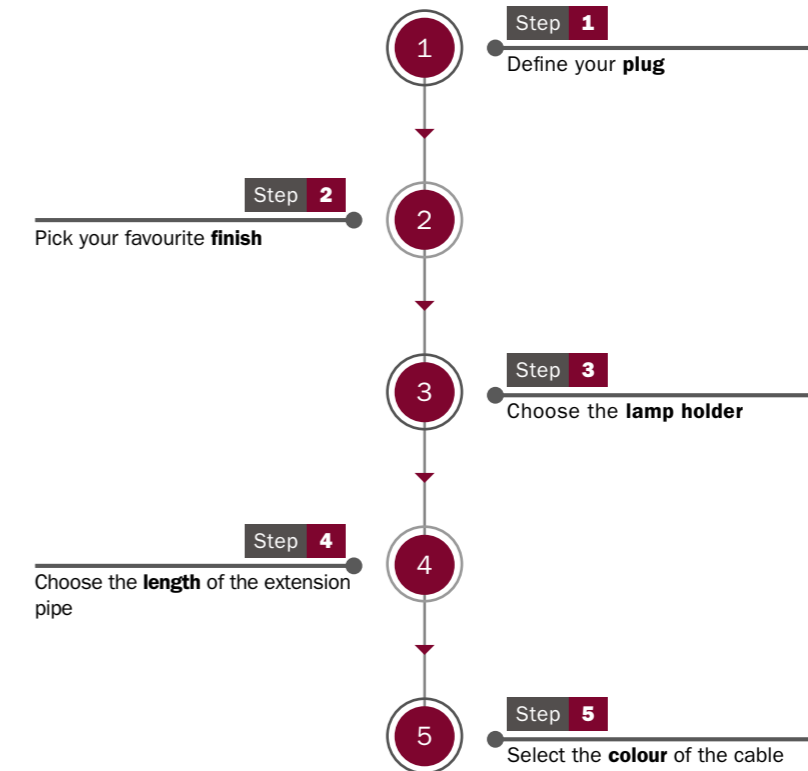

READY TO USE - TABLE LAMPS

Posaluce is Creative-Cables signature table lamp, its minimal design has been developed to enhance light bulbs and colourful cables.

Metal Posaluce

Metal Posaluce is available in 6 different metal finishes and has two different purposes: it can be used as it is or it can be embellished with a lampshade. In this last case, select the double ferrule lamp holder.

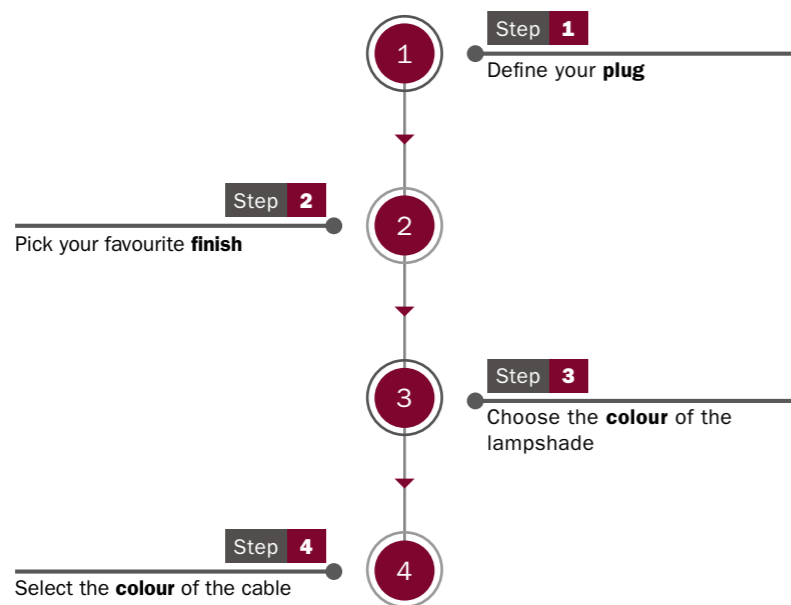

Personalise your metal Posaluce

Posaluce with lampshades

If you decorate a Metal Posaluce with a made in Italy fabric lampshade you will get an incredibly elegant yet minimal result. Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

Personalise your Posaluce with lampshade

Wooden Posaluce

A Posaluce, with the natural charm of wood. Available in different sizes, they will give a special Scandinavian touch to any room. Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

Personalise your wooden or cork Posaluce

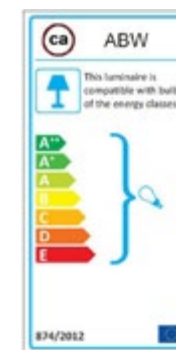

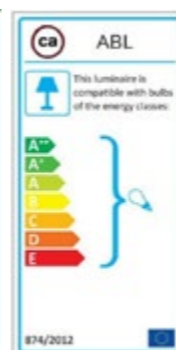

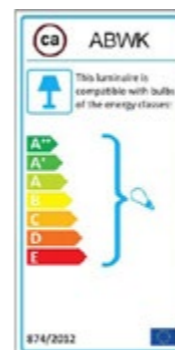

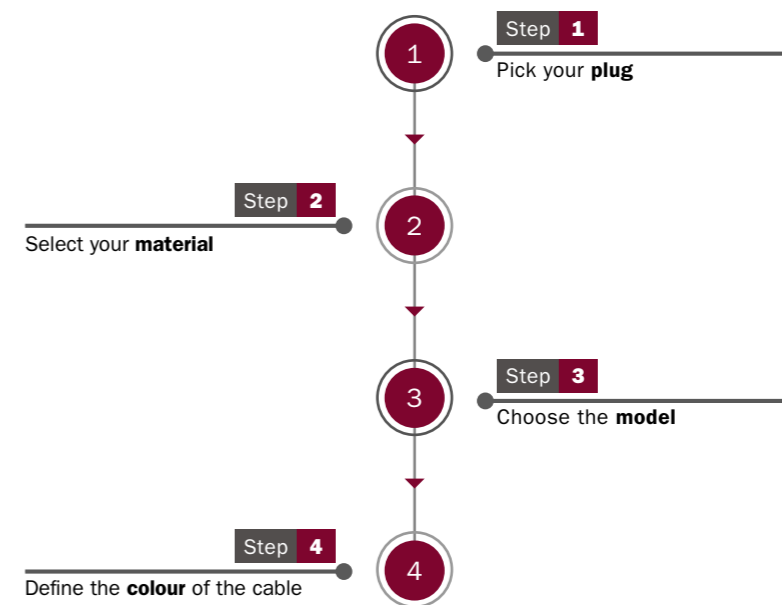

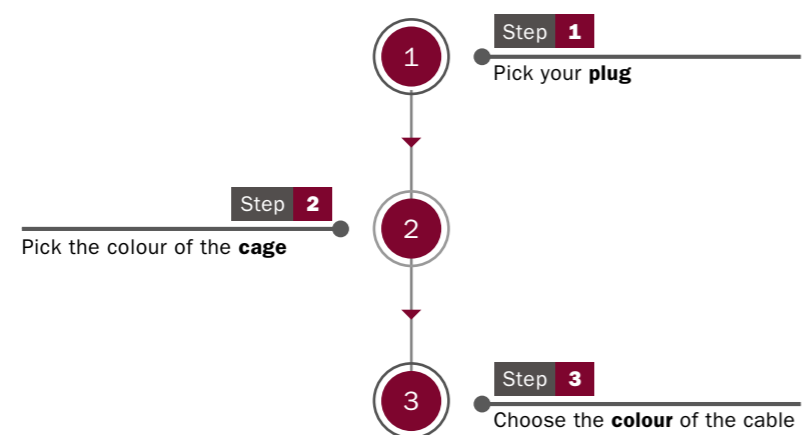

Table Snake

Snake can become a table lamp just by adding a naked lampshade.
Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

Personalise your Table Snake

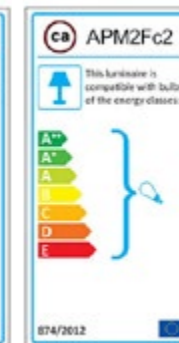

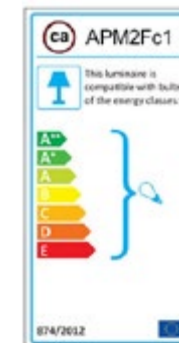

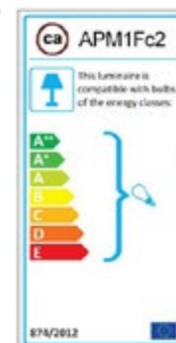

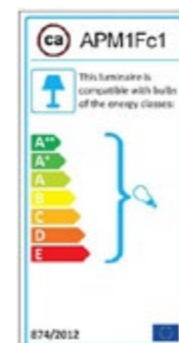

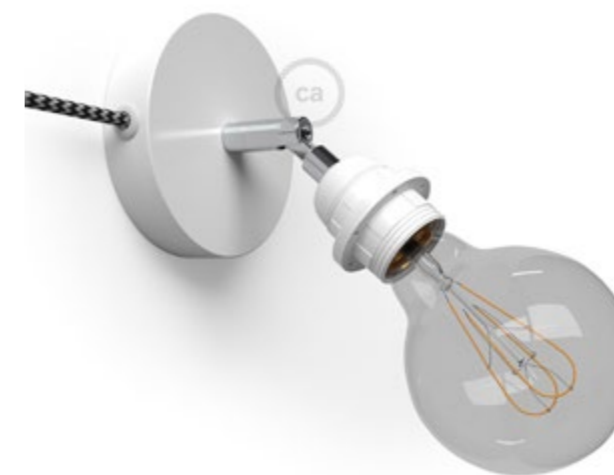

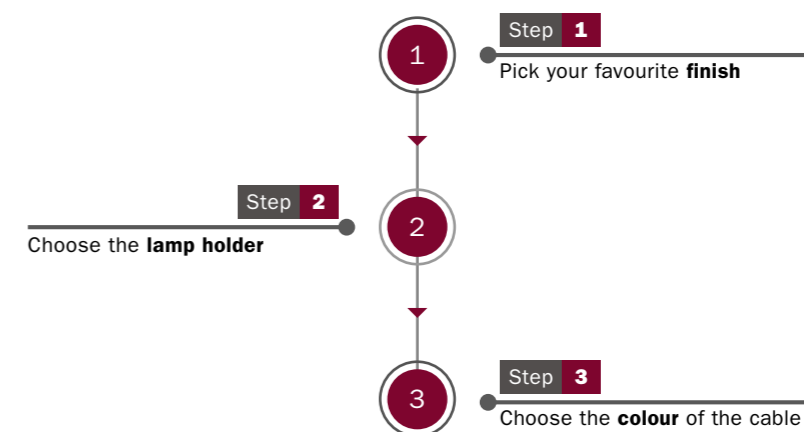

READY TO USE - SPOSTALUCE

No matter where the power socket may be: thanks to its cable, Spostaluce can arrive wherever you want.

Metal Spostaluce

Ready to use with many different colours and fabric textile cables from Creative-Cables. Spostaluce are the light points that allow you to take the light source wherever you want, no longer having the issue of being limited to the location of the power source. Available in various styles and finishes, with Spostaluce it is possible to create an impressive light installation both on a ceiling or on a wall.
Can't find what you're looking for? Just contact us and we'll do our best to help you create your special design.

Personalise your metal Spostaluce

READY TO USE - CEILING AND WALL LIGHTS

A spotlight can have its own personality and be coordinated with the other lamps of the room: just choose the right material and style!

Flush metal lights

Metal Fermaluce is the wall version of Posaluce: it is available in various finishes and shapes. It can be adjusted and equipped with a fabric or naked lampshade.

Fermaluce

Adjustable Fermaluce

Double Ferrule Fermaluce

Adjustable Double Ferrule Fermaluce

Wooden flush lights

Discover the true Scandinavian soul of these wall lamps in natural wood: they can be painted or polished as desired.

Flush lights with lampshade

A 100% Made in Italy fabric shade or a metal lampshade can turn a Double Ferrule Fermaluce into a precious and sophisticated spotlight.

Flush porcelain lights

Porcelain is a not-to-common material for flush lights, but it is very versatile and it can create colourful and unexpected solutions. Available with lampshades too!

Flush thermoplastic lights

Discrete, almost invisible, easy to install and durable: These flush lights are a great solution at a very reasonable price.

MAGNETICO®: THE LAMP THAT LOVES METAL!

The project

The Magnetico® collection is based on a simple but ingenious idea: as domestic environments are rich in metal surfaces, let's use these to place a lamp with the aid of a magnet, moving it and orienting it according to taste and necessity, without drilling the walls!

Magnetico®-Pendel

It is an adjustable pendant lamp: the magnetic lamp holder, in fact, can be rotated on a metal ball and can therefore be directed where desired. Magnetico®-Pendel is available in 9 different finishes, it's ready-to-use and includes a 1,50 m cable.

Magnetico®-Plug

It is a magnetic lamp holder able to adhere to any flat metal surface, no matter whether vertical or horizontal! Magnetico®-Plug is available in 9 different finishes and is equipped with a coloured 3 meter cable, switch, two-pole plug and E27 socket.

Magnetico®-Base

It is a small metal base, available in 9 different finishes, which can be associated with Magnetico®-Plug to create movable table lamps. It is ideal as a portable and adjustable light for reading or working on a PC, but it can also illuminate a coffee table or a bookcase. Also equipped with a fold, it allows you to direct the light as desired.

Magnetico®-Shelf

It is a shelf, available in 6 colours, to be fixed to the wall and combined with Magnetico®-Plug. Magnetico®-Shelf is thin, but it is a shelf in all respects: it can host a book, a pair of glasses, a telephone and become a very original bedside table. Thanks to the fold, the light of the Plug can also be oriented as desired.

UFO UNCONVENTIONAL FLYING OBJECT

The project

We selected 14 famous & promising emerging artists, we chose two of their most representative artworks and we lit them up: this is how the UFO collection - Unconventional Flying Objects was born. 14 double-faced wooden disks, processed and printed in Italy, ready to become a wall or a suspension lamp. Well, actually two: both sides of the disk are illustrated with different designs! Men and women, cactus and pineapples, mandala and azulejos, ice cream and cupcakes, and not to forget fish, dogs and flamingoes: A surprising variety of subjects and colours that create playful, romantic or surreal atmospheres.

UFO Suspended and wall lamps

UFO, when equipped with the right accessories can be easily turned into flying suspension light or a wall lamp: Special attention has been given to the colours of cables and lamp holders chosen to ensure the best aesthetic result. We recommend you to pair UFO wall lamps with a small Half Sphere bulb that won't cover the illustration, only illuminate it without dazzling the observer.

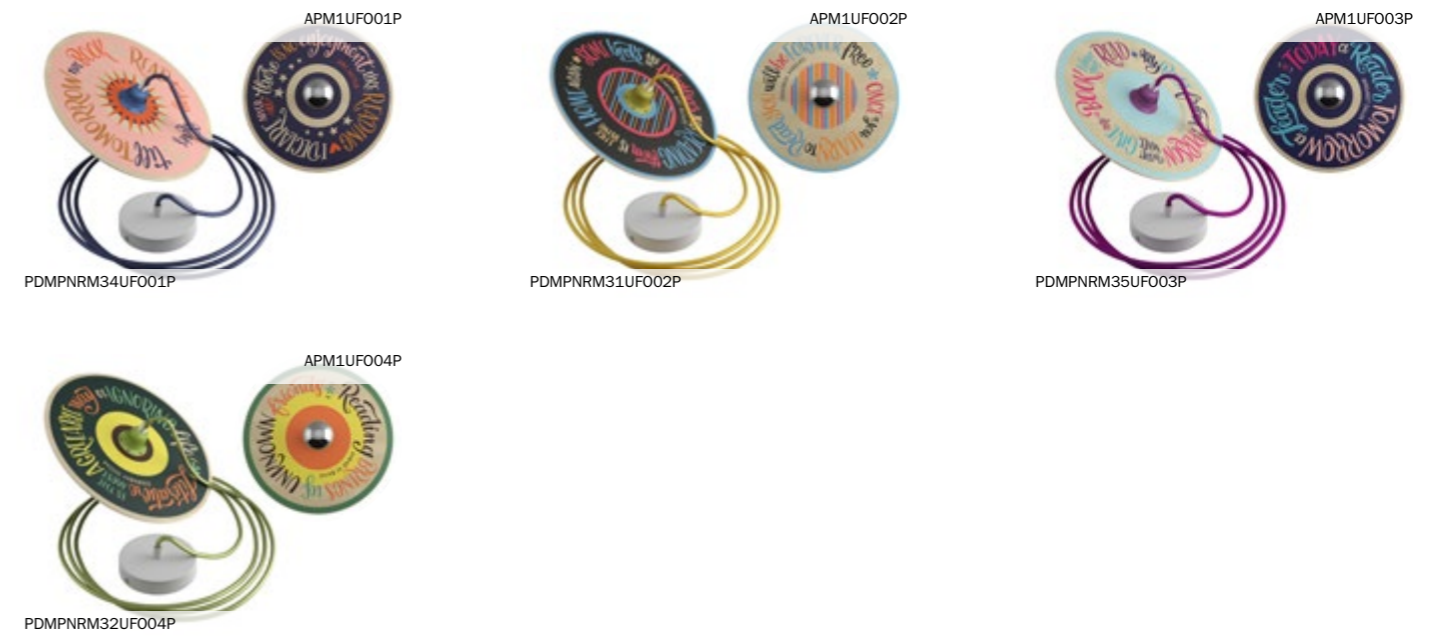

UFO COLLECTION "PEMBERLEY POND"

The project

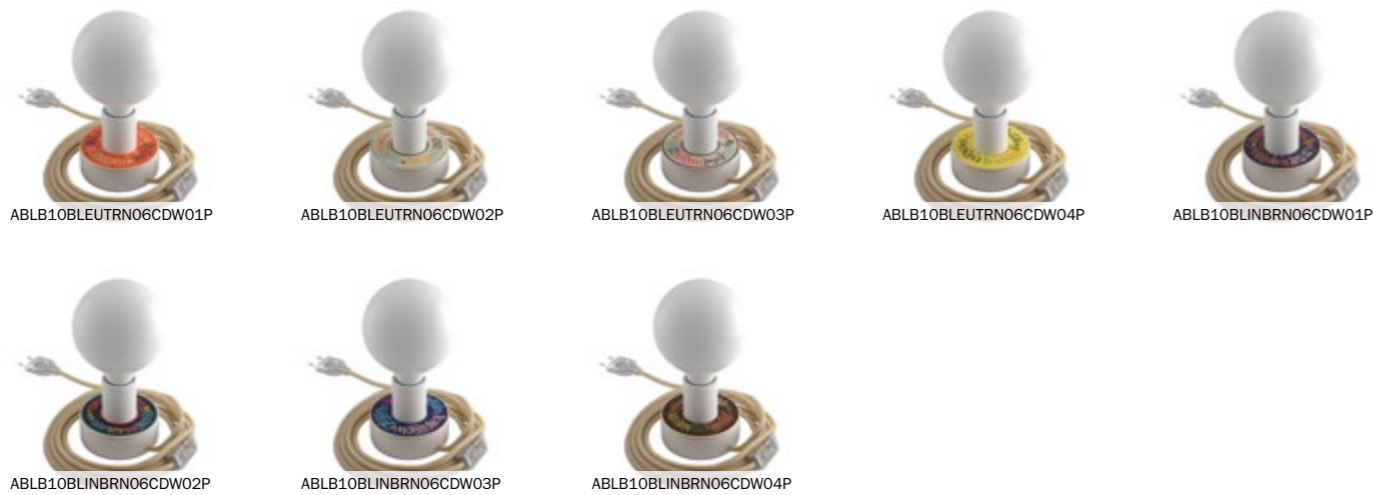

Pemberley Pond is the name of the duo who illustrated the cover of "Goodnight Stories for Rebel Girls", one of the most successful children's books of recent years. Thanks to their unmistakable calligraphic style, 8 quotes inspired to the pleasure of reading have become 4 reversible UFOs and double-faced MINI-UFOs: all ready to decorate walls, chandeliers and tables! All printed in Italy in poplar wood, they all share a playful and naive style and are ideal in the room of baby readers, to illuminate their first books and guide them into the pleasure of reading.

UFO and MINI-UFO

Ufo suspended, wall and table lamps

UFO and MINI-UFO, when equipped with the right accessories can be easily turned into 4 flying suspension lights. 4 flush lights or 8 table lamps: special attention has been given to the colours of cables, the lamp holders and the table base chosen to ensure the best aesthetic result.

MINI-UFO COLLECTION "READING BALLSH*T"

The project

The first MINI-UFO collection for Posaluce - illustrated in the ironic calligraphic style of lepalle.it - is dedicated to readers, who are known to be the finest and snobbiest liars

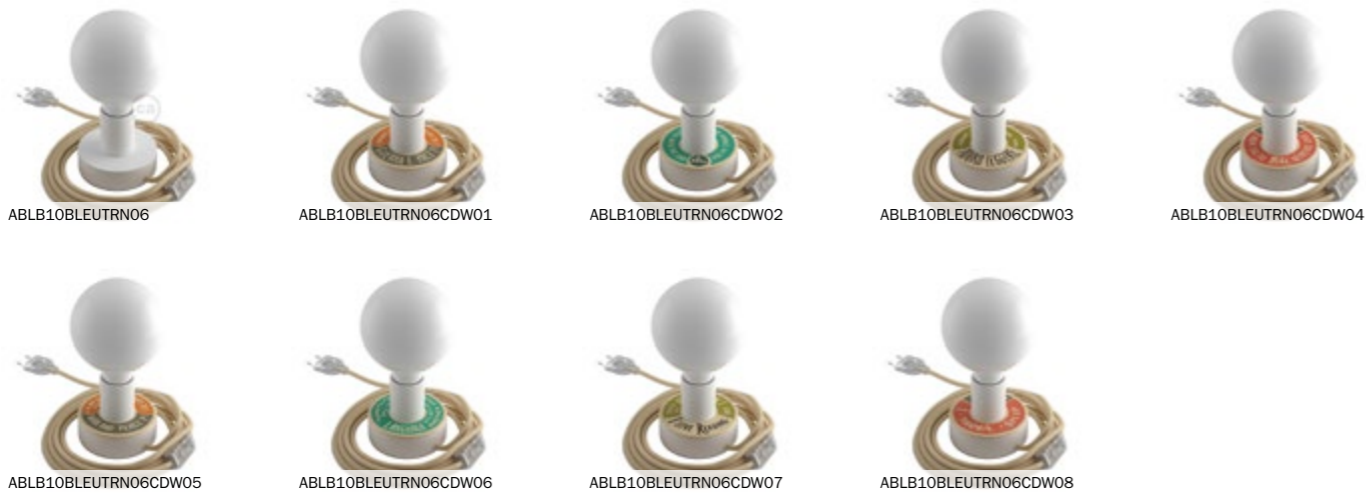

MINI-UFO

4 small poplar wood disks, processed and printed in Italy, with a central hole: they need to be mounted on a white wooden Posaluce and they are ready to illuminate your reading sessions. Both sides are illustrated. Available in italian or english.

Posaluce with MINI-UFO

The essential design of a white wood Posaluce is embellished by a reversible MINI-UFO from the collection "READING BALLSH*T". Available with italian or english MINI-UFO, they include: plug, switch and 2 m jute cable

OFF-THE-SHELF PRODUCTS

Eco-friendly leather suitcase

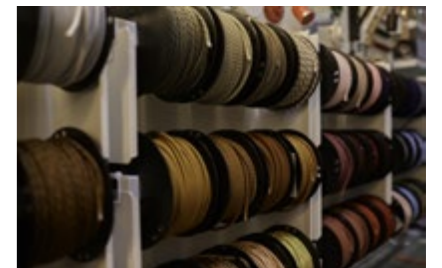

This eco-friendly leather suitcase was conceived for containing the hundreds of samples of various fabric cables available. A simple tool to display our vast range of colours and fabrics to your customers. It is personalised with an embroidered Creative-Cables logo, a double-sided zipper and a comfortable handle. Each sample is labeled and can be extracted from the case. It is a useful helper when it comes to sales & tenders, as well as an attractive piece to exhibit in your shop!

Note: This product is available only on our B2B site — b2b.creative-cables.com

Shop Corners

Shop corners are the perfect and ready-to-use solution for displaying a very representative range of Creative-Cables products in your store. Different styles, layouts and sizes were carefully developed: A corner can be hosted in any shop, no matter how small! To discover corners and pick the one that best suits your location, ask for further information from our support team: info.b2b@creative-cables.com

CREATIVE-CABLES AROUND THE WORLD

Creative-Cables is the largest online store for textile cables, operating in over 20 countries all over the world. We offer a huge choice of Made in Italy and IMQ-HAR or UL certified fabric cables and accessories that, together with our light bulbs, can generate thousands and thousands of product combinations.

Creative-Cables: a twist on Italian Taste

Creative-Cables was founded in Turin in 2014: the mission was “produce the best quality and the widest range of fabric cables and make them available to customers all over the world”. Over time, a wide selection of light bulbs, components and accessories was added: we regularly refresh our assortment in order to be up-to-date with the latest decor trends. Today, Creative-Cables is the go-to company when you have yourself a “lighting dream”.
Apart from cables and accessories, Creative-Cables also means ready-to-use and complete products: some of our most challenging and beautiful custom-made lighting solutions have been developed and employed by architects and designers from all over the world.

Creative-Cables around the world

Our network includes 24 national websites, but it keeps growing: from Italy to Northern Europe, from United States to Australia. Whenever possible, we choose to have:

- local warehouses in order to guarantee lower shipping rates
- local staff, to provide better and prompter customer service

REASONS TO BECOME A B2B PARTNER

Range

Choose among more than 130 cables colours, style, fabrics and texture effects.

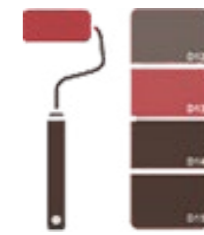

Quality

Our cables are IMQ-HAR or UL certified. The internal PVC cable is designed to guarantee high flexibility.

Customised assembling

Our assembled and ready-to-use products include only certified components and are tested by independent laboratories and have obtained CE compliance certificates.

Custom made cables

In the case you require a special colour or material for your cable, contact us as we can explore a customized production only for you.

Accessories

We choose certified electrical components and we try to offer a wide range of colours and surface finishes to meet any style needs. Assortment is regularly updated and refreshed!

Service

The orders are prepared in a maximum of five working days, although 80% of all orders are dispatched from our warehouse within 48 hours.

ABOUT US

Founded in Turin in 2014, Creative-Cables is the marketplace where it is possible to build any entirely customised lighting solution for ceilings, walls, tables or floors. It offers not only a section of ready-to-use products, but also an assortment of thousands of components and accessories that, when combined, can produce almost any lamp.

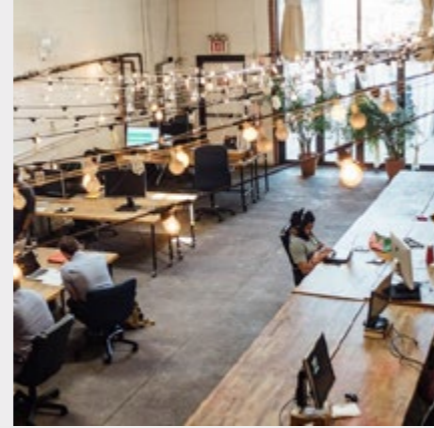

The result is original, durable and cannot be found in traditional sales channels and, above all, meet the needs of any architectural and design project.

Creative-Cables catalogue is constantly evolving: our priorities include **the search for new trends**, the **development of partnerships**, opportunities and **product improvement**. This is why we are present at the most important **international trade fairs** dedicated to the world of interior design such as Maison&Objet, Salone del Mobile and 100% Design.

Creative-Cables products are present in **more than 20 countries**.

Besides our huge catalogue, we strive to offer:

- a **specialized customer service** department and a team to develop customized proposals
- a locally managed **warehousing and logistics service**
- **flagship stores** in relevant urban areas

CREATIVE-CABLES FLAGSHIP STORES

Creative-Cables Flagship Stores: Creativity becoming light!

After five years of online sales, success and much satisfactions that brought Creative-Cables to more than 20 countries around the world, we decided to take a turn to the "offline" world and bring our lights to the city streets.

In our stores, it's not only possible to find and purchase customised lamps as well as all individual products from the Creative-Cables catalogue, but it is also possible to personally get into the action: you can build the lamp of your dreams, with the assistance and advice of our qualified staff that will guide you throughout all phases of the creation. We'll make sure that every component is included and we'll also show you some professional tips.

Is DIY not your thing? Not a problem: in the Creative-Cables stores you can still design a customised lamp choosing the components that best suit your needs, personal taste and the style of the space you will be illuminating. In a few minutes our staff will create a completely customised lamp that will meet the tastes and style of its designer - you! and it will be assembled correctly and safely.

At the Creative-Cables Flagship Stores you can see and hold in your hands our fabric cables, roses, lamp holders along with LED light bulbs for every need and style! Creative-Cables Flagship Stores are a space to choose and create, but also to express yourself through our cables and colourful products to find your inspiration.

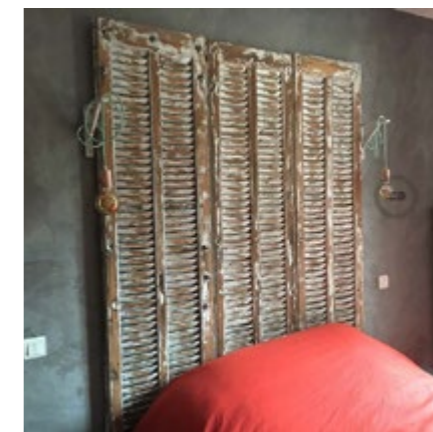

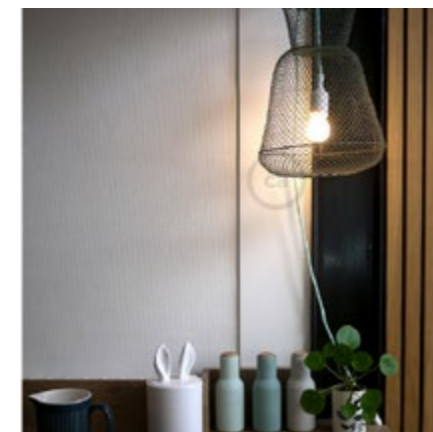

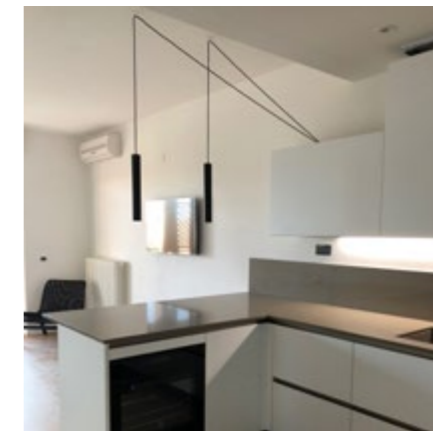

In our stores you can also find a space dedicated to the many designers that have chosen Creative-Cables' products to make their lamps exclusive: a unique occasion to be inspired by the work of some professional designers and to purchase their signature masterpieces. The first Creative-Cables Store opened in Turin, our hometown. It was followed by Alessandria, Treviso, Piacenza, Brescia and the first store out of Italy in Bruxelles, Belgium.

Further stores outside Italy are to be opened in the near future: stay tuned!
